Washington, D.C. 20505

10 APR 1983

Mr. Davis R. Robinson  
The Legal Advisor  
Department of State  
Washington, D.C. 20520

Dear Mr. Robinson:

In reference to your letter of 25 February 1983, we are prepared, to the extent feasible in concert with our own requirements, to furnish the Department of State with cartographic, reproduction, and printing services in support of the maritime boundary dispute between the United States and Canada which is being adjudicated by the International Court of Justice.

We will be able to provide support and meet the 27 June 1983 deadline to which you refer only if we receive detailed requirements and other necessary data in a timely fashion. For example, our Printing and Photography Division (P&PD) must start receiving data for typesetting by 1 May--all such material must be in the hands of P&PD by 1 June. In a similar manner, cartographic requirements must be received by the Cartography and Design Group as soon as possible. Any requirements, changes, or reprints submitted after 1 June will have to be handled after the Agency's priority programs. Under these circumstances, it is unlikely that we could meet the 27 June deadline.

Our support for this effort will be rendered on the basis of existing agreements between the Department and the Agency. All external procurements, color separations, and case bindings, etc., will be the funding responsibility of the Department.

[redacted] of the Cartographic and Design Group should be included on any planning for cartographic support; she can be contacted on [redacted] [redacted] is our focal point for printing and reproduction support; he can be reached on [redacted]
